

FPPA Employer Schedules

Volunteer State Matching Funds

The responsibility for the administration of the Volunteer Firefighter Pension State Contribution and the statewide volunteer firefighter accidental death and disability insurance policy (CRS 31-30-1101 et seq.) was transferred by SB 04-198 to the Department of Local Affairs (DOLA) from the Fire & Police Pension Association (FPPA).

DOLA has established procedures to administer these two programs and has appointed members to the Volunteer Firefighter Advisory Committee (Advisory Committee). DOLA consulted with the Advisory Committee to implement the program administration, including a review of the statutorily required changes and will consult with the Advisory Committee in the future regarding the program administration.

Questions regarding these processes may be directed to DOLA:
